

HAWA EBRAHIM HAMID

AI Engineer & Full-Stack Developer | Generative AI, RAG & Web Applications

Addis Ababa, Ethiopia • +251 991 864 954 • hawaebrahimhamid@gmail.com • LinkedIn: linkedin.com/in/hawa-ebrahim-hamid •

GitHub: github.com/hawaebrahimhamid

SUMMARY

AI Engineer and Full-Stack Developer with hands-on experience building and deploying AI-powered applications using Python, RAG, LLMs, embeddings, React, Next.js, Flask, and REST APIs. Built financial RAG, computer-vision, and full-stack applications, combining AI workflows with practical software engineering and deployment.

TECHNICAL SKILLS

Generative AI:	RAG, LLMs, Text Embeddings, Sentence Transformers, Prompt Engineering, FAISS
Programming:	Python, JavaScript, SQL
Frontend:	React, Next.js, HTML, CSS
Backend:	Node.js, Express, Flask, FastAPI, REST APIs
AI & Data:	YOLOv8, PyMC, Pandas, NumPy, PostgreSQL, ETL
Engineering:	Git, GitHub, Docker, GitHub Actions, pytest, Automated Testing
Deployment:	Streamlit, Vercel, Netlify, Render

EXPERIENCE

AI & Machine Learning Engineer — Project-Based

May 2026 – Present | Addis Ababa / Remote

Completed the Kifiya AI Mastery Program in 2026 and continue developing project-based AI, machine learning, and software applications.

- Build AI/ML solutions using Python, SQL, RAG, LLMs, data engineering, and REST APIs.
- Develop and deploy applications involving embeddings, vector retrieval, backend APIs, and machine learning workflows.
- Apply Git/GitHub, Docker, automated testing, CI/CD, and cloud deployment across projects.

Full-Stack Developer — Independent Software Projects

2024 – Present | Addis Ababa / Remote

- Built and deployed full-stack applications using React, Next.js, JavaScript, Node.js, Express, Python, Flask, REST APIs, and databases.
- Developed responsive frontend interfaces, backend services, authentication flows, API integrations, and database-backed features.
- Integrated AI and data-processing workflows into web applications and managed development using Git/GitHub and cloud deployment platforms.

SELECTED PROJECTS

CrediTrust Complaint Assistant — Financial RAG System

Live Demo: creditrust-complaint-chatbot.streamlit.app | GitHub: github.com/hawaebrahimhamid/rag-complaint-chatbot

- Built and deployed a financial RAG assistant for customer complaint analysis using text chunking, Sentence Transformer embeddings, FAISS vector retrieval, Top-K search, and LLM generation.
- Implemented source attribution, answer-quality validation, and evidence-grounded fallback handling to improve response grounding and reliability.
- Added automated tests and GitHub Actions CI to validate core RAG application behavior.

Medical Telegram Warehouse & AI Pipeline

GitHub: github.com/hawaebrahimhamid/medical-telegram-warehouse

- Built an end-to-end Python pipeline that ingests Telegram messages and product images, applies YOLOv8 object detection and confidence scoring, and stores enriched results in PostgreSQL.
- Developed dbt models and FastAPI analytical endpoints to transform and expose combined message and computer-vision insights.
- Orchestrated data ingestion, database loading, transformation, and image-processing workflows using Dagster.

Brent Oil Change Point Analysis Dashboard

Live Demo: brent-oil-dashboard.vercel.app | GitHub: github.com/hawaebrahimhamid/brent-oil-change-point-analysis

- Built and deployed a full-stack analytics dashboard using React, Flask, Python, and PyMC for historical Brent crude oil price analysis.
- Developed REST API endpoints connecting analytical processing with an interactive frontend.
- Implemented Bayesian change-point analysis to identify structural changes in historical price data.

EDUCATION

Kifiya AI Mastery Program (KAIM 9) | 10 Academy

Completed 2026 | Remote

Intensive engineering fellowship focused on Generative AI, Machine Learning Engineering, Data Engineering, RAG Systems, Data Warehousing, MLOps, and Full-Stack Development.

Awarded with distinction upon completion.

BSc in Geology | Bahir Dar University

2020 – 2023

LANGUAGES

Amharic — Native | English — Professional Working Proficiency
